RE: REQUEST FOR SOLICITATION AND/OR SPONSORSHIP

Hafa Adai! This year marks a milestone in the engineering, architecture, landscape architecture and land surveying professions as we celebrate 50 years of registration or licensure in Guam. We are writing to respectfully request or solicit and accept a "sponsorship" from you in any way you can in honor of this important anniversary. Please see attached Agreement Form. The bearer of this letter, _____ is authorized to do so.

The Guam PEALS Board serves a critical role for engineers, architects, landscape architects and land surveyors as well as to those who are in the process of becoming part of the professions to make our island's structural and technological infrastructures run safely and efficiently.

If a sponsorship is not possible, we would be honored to receive gifts of any kind or any assistance you may provide commemorating this special time in our history. Proceeds will be used to subsidize the cost of review/reference materials for engineering, architecture, and land surveying qualified applicants in their efforts to become registered with this Board.

Please let us know if we may provide further information or answer any questions you may have. Thank you for your cooperation.

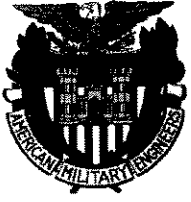

Sincerely,

ART CHAN
